

GCC LaserPro LFC II **Professional Workstation**

Design with your safety and convenience in mind

Key Benefits

- Class 2 safety and MD (machine directive) certified for Industrial professions who care operators safety during laser processing
- Wide range of configurations for automation and applications
- Removable side panels for line integration
- Ideal for large objects or batch marking
- Easy setup and operation
- Sturdy and rigid steel chassis to meet industrial requirement
- Compatible with all GCC LaserPro StellarMark C & I series laser markers

Features

External Signal Indicator

Automatic Safety Door

Protection Window

Various Configurations:
Standard Table,
Rotary Table (Optional)

Dual Start Button

Emergency Stop

Key Switch

Laptop Stand (optional)

Pass through Side Panels

Product Features

➤ Easy Setup

✓ 700x400mm Standard Table

Standard table with matrix M6 circular slots for fixture mounting, working objects setup is more than easy.

✓ Electronic Z Axis

Electronically controlled Z up and down buttons make it easy to fine tune the focus.

Product Features

➤ **Flexibility**

✓ Pass-through Side Panels

Removable side doors allows integrating with conveyor and Mark On Fly (optional) for continuous production with 420 x 290 x ∞ mm (WxDxL)

✓ MultiFOCUS

MultiFOCUS function allows user to set multiple focus distances setting at once according to the object height and Z-axis will automatically adjust correctly so users do not need to set focal distance several times.

✓ Automation Add-ons

Optional rotary table to increase throughput for production demand.

Product Features

➤ User Friendly Operation

✓ Internal Illuminated Light

LED illuminates the working space for clear view of work in process.

✓ Automatic Safety Door

Automatically controlled front door open and close to secure safety Operation

✓ Clean Work Area

Integrated vacuum pipe for extraction particles created during laser processing.

Product Features

➤ **Safety Protection**

✓ Emergency Stop

Big red button on the right of machine allows operators to stop the laser and AC power immediately to provide highly safety operation.

✓ Dual Start Button

Advanced secure protection by simultaneously pushing the Dual Start buttons to fire laser.

✓ External Signal Indicators

The three color indicator shows the current status of the machine with easy visibility and it ideal for the factory working environment.

Product Features

➤ **Safety Protection**

✓ Key Switch

Key Switch manages different authority levels between Service Mode and Operator Mode to restrict unauthorized access to the production setups.

*Service Mode will allow laser firing when door open to allow parameter test and setup

✓ Protection Window

Large protection window for easy working process monitoring while secure operation safety.

Product Features

➤ **Safety Certification**

✓ **FDA CDRH Class I Safety**

Protect users from laser radiation while operation

✓ **CE & MD certification**

GCC LaserPro LFC Workstation complies with the essential safety requirement set out in the European Directives.

✓ **ROHS compliant**

Protect the green environment, GCC LaserPro LFC Workstation is manufactured in compliance with the Restriction of Hazardous Substances Directive, and Pb free policy.

Optional Items

There are several add-ons for LFC workstation to facilitate the production efficiency and expand its versatility.

Rotary Table

Max. 300x300mm
work area
2 stop

MultiFOCUS

Max. 300x300mm
work area

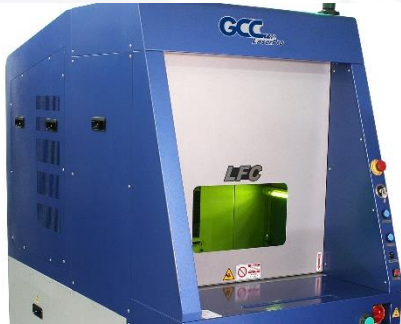

Rotary Attachment

Max. object
external diameter
81mm

Screen Frame Module

Difference between LFC and LFC II

	LFC	LFC II
Appearance Color		
	Light blue and silver	Blue and gray
Rotary table station	2 or 4 station	Only 2 station
Rotary Table field upgrade	No	Yes
Anti-pinch door	No	Yes
Automatic door		
	Single stage sliding door	2 stage sliding door (Save space and faster than single sliding door)

Product Spec

Model No.	LFC II	
Available Laser Marker	CIIA / CIIP / IFII Series	
Scan Lens	CO2	70 x 70mm, 140 x 140mm, 200 x 200mm, 300 x 300mm
	Fiber	70 x 70mm, 110 x 110mm, 180 x 180mm
Front Door	Automatic door	
Max. Loading	50 kg	
Z-axis Travel	385mm	
Safety Class	Class 1 (EN60825-1)	
Software	G-Mark Basic / G-Mark Library	
Operating System	Microsoft Windows XP / Vista(32/64 bit) / 7(32/64 bit) / 8(32/64 bit) (Desktop or Laptop PCs)	
Interface	USB x 1, VGA x 1	
Power Supply	AC Auto Switching 110 - 240 VAC, 50-60Hz / Single Phase	
Power Consumption	1650W	
Operating Temperature	15°C ~35°C	
Operating Humidity	10 ~ 80% Non condensing	
Dimension	1585(L) x 852(W) x 1745(H) mm	
	1854(L) x 1192(W) x 2050(H) mm (with package)	
N.W.	235 kg	
G.W.	580 kg	
Optional Item	Rotary Table (Ø 650mm, 2 or 4 stations)	
	Screen Frame Module	
	MultiFOCUS	
	Air Extraction System	

Maximum Work Piece Size

Standard Table

Max. work piece size				
Standard Table				
C-Series		Max. Work Piece Size		
Lens	Scan Area	Length	Width	Height
10	10 x 10mm	720mm	320mm	525mm
50	50 x 50mm			490mm
70	70 x 70mm			460mm
140	140 x 140mm			355mm
200	200 x 200mm			265mm
300	300 x 300mm			125mm
IF-Series		Max. Work Piece Size		
Lens	Scan Area	Length	Width	Height
70	70 x 70mm	720mm	320mm	420mm
110	110x110mm			345mm
180	180x180mm			185mm

LFC II Workstation Applications

LFC Workstation suitable for Automobile and auto parts industry, tool construction, machinery construction, medical technology, plastic processing industries, textile industries, Packaging industries, and more.
